EXPERIENCE

Web Development Intern | Unified Mentor **HTML5, CSS, JS, Firebase** | Nov 2023 - Jan 2024

- **Developed** mobile-responsive web applications utilizing modern web technologies showcasing proficiency in HTML, CSS, and JavaScript and Firebase.
- **Implemented** responsive design principles to ensure seamless user experience across various devices and screen sizes.
- **Published** web applications on **GitHub**, demonstrating version control proficiency and project management skills.

Software Development Intern | Mithya Labs **React, Node, Tailwind** | Jan 2023 - Jun 2023

- **Developed** applications based on **React JS** extensively. Gained exposure to **enterprise-grade** software coding and **SDLC** life cycle.
- **Collaborated** with a team of **7 people** and **Created** various web applications accelerating front-end compile time by **20%**.
- **Deployed** the applications on **GitHub** and **Render** having Reviewed Pull requests (**PRs**) and performed deep code reviews.

TECHNICAL SKILLS

- **Programming Languages** : C, C++, Java
- **Front-End Languages** : HTML5, CSS, **JavaScript**, React, Bootstrap, Tailwind CSS
- **Back-End Languages** : Node, Express, MongoDB, SQL
- **Tools Familiar** : Visual Studio, Git, GitHub, Postman API, MySQL Workbench, Render.
- **CS Fundamentals** : **Data Structures, Algorithms, OOPs, SQL, Operating System**

PROJECTS

AUTH-APP | [Code](#) | [Live](#) *REACT, NODE, EXPRESS, REDUX-TOOLKIT, JWT*

- **Developed** a robust user authentication system using the MERN stack, incorporating features such as user registration, JWT-based login authentication, and password hashing for enhanced security.
- Integrated **JSON Web Tokens (JWT)** for secure user authentication, ensuring data integrity and confidentiality throughout the user session.
- Implemented **bcrypt.js** for password hashing, adhering to best practices in security and protecting user credentials from potential threats.

SWAG-SHOP-APP | [Code](#) | [Live](#) *REACT, CONTEXT-API*

- **Developed** a fully functional e-commerce website using React and React Router for seamless navigation and user experience.
- Utilized **React Context API** for state management to maintain a consistent shopping experience across the application.

ACHIEVEMENTS

- Secured Global Rank of **220** in Codechef Starters 68 (DIV-2).
- Reached **4*** on [Codechef](#) with Maximum Rank **1818**.
- Ranked **1/1319** and Solved **1000+** problems on [GeeksForGeeks](#).

EDUCATION

MLR Institute Of Technology (B.Tech: Computer Science and Engineering) 2023 **CGPA: 9.03**

Narayana Junior College (2019) Percentage: **98%**

Siddhartha High School (2017) **CGPA: 10**
